A professional massage therapy clinic

Part time massage therapist position

We are a busy massage therapy clinic looking for a part time massage therapist to join our amazing team!

With over 25 years in business we are a well established, trusted clinic with great clients! We have exceptional front end staff to handle bookings, billings and most of the day to day operations. We are conveniently located in Northwest Calgary off Country Hills Blvd.

We are looking for an energetic massage therapist to join our team on a part time basis with the ability to pick up extra shifts each week if desired. We are looking for a therapist who can provide both relaxation and deep tissue treatments, who is a professional with a passion for massage therapy, is hard working, has a positive attitude, is honest and compassionate, is a supportive team member and who takes pride in their work.

This is a great opportunity for a massage therapist to build a strong, permanent practice along side other experienced massage practitioners as well as professionals in other modalities.

Valid membership with CMMOTA, NHPC or equivalent required. Please email your resume. Only successful candidates will be contacted.
