Program Delivery

This is a blended-learning program combining on-campus instruction, online learning, and supervised clinical experience throughout the academic year.

On-Campus Learning

On-campus class days include lectures, hands-on practical instruction, relaxation clinic, special conditions clinic and examinations.

Public Clinic & Outreach

- Clinic shifts are scheduled in 4-hour blocks, beginning in Module 5, and take place outside of regular classroom hours.
- Completion of all clinic and outreach requirements is mandatory to progress into Year 2 and to graduate from the program.

Online Learning Expectations

In addition to on-campus classes, students are expected to:

- Participate in scheduled online lectures or review recorded sessions.
- Complete all assigned coursework, including assignments and quizzes.
- Stay current with all module requirements and deadlines.

Notes

- **Final exam schedules and details will be confirmed closer to the end of the academic year.*
- **All schedules are subject to change.**
